

## Project

### European-Style Kitchen Remodeling Pittsburgh, PA

Ample storage spaces, beautiful countertops, and a functional layout are what make this kitchen any cook's dream. A large, built-in stainless steel cutting surface makes food preparation quick and easy. Multiple countertops provide ample space to work. Abundant cabinets and drawers with self-closing slides ensure an open aisle when cooking.

## Team

General Contractor: Giffin Interior & Fixture - Bridgeville, PA

## Craftsmanship

Windows in the cabinet doors add functionality and a sense of depth

Repeated inlays provide a sense of unity to all fixtures as well as making the kitchen space unique Large countertops provide excellent working surfaces, and a pleasant experience for the eye when not in use

Residential

## Customer Satisfaction

"This kitchen is an impressive display of the talent and quality that Giffin can bring to any project, large or small."

- Owner of Residence
