

Project

Marriott Hotel San Jose, CA

This 5-star hotel located in Silicon Valley, 2,800 miles from Giffin's fabrication facility, tested Giffin's ability to provide and install premium millwork and casework in a high profile setting.

Team

Architect: Concepts 4 Design - Los Angeles, CA
General Contractor: Hensel Phelps Construction Co. - Denver, CO

Craftsmanship

Maple and figured anegre registration desk with stone top welcomes visitors to the hotel and creates a lasting first impression of this beautiful hotel

Circular maple coffee bar made of figured anegre and marble tops

Lobby light boxes of figured maple and anegre illuminate the seating area

Hospitality

Customer Satisfaction

"Giffin continually exceeded our expectations with quality and quantity. The accelerated schedule challenged all of the trades on site, but Giffin met or exceeded all milestones for the project."

- David Tompkins, HPCC
