

Project

Philip Pelusi Phyto-Life Salon Cranberry Township, PA

The challenge of using diverse materials in an elegant retail setting gave Giffin craftsmen and installers an opportunity to showcase their skill and attention to detail.

Team

Architect: Gerald Lee Morosco & Associates - Pittsburgh, PA
 General Contractor: Carpenter Construction - Greensburg, PA

Craftsmanship

The mix of natural wood, metal, glass, and plastic laminate allowed the owner to customize his salon into "one of a kind."

The use of lit fiberglass panels gives the salon and its casework a warm glow.

Incorporating display cases into the individual hair cutting stations allowed Pelusi's stylists to sell products while they provide services to their customers.

Retail

Customer Satisfaction

"Giffin's high quality, attention to detail, and ability to meet our rigorous schedules, time after time, has given us a level of comfort that is hard to find in the construction industry, in any trade.

- David Lettrich, Senior Project Manager, Carpenter Construction
