

Project

The Kitchen Shelf

Monroeville Mall - Monroeville, PA

This retail project incorporated plastic laminate and maple trim throughout to maintain a pleasant atmosphere for shopping and to keep unity between fixtures

Team

Architect: Lami Grubb Architects - Pittsburgh, PA
 General Contractor: Carpenter Construction - Greensburg, PA

Craftsmanship

The coffee bar includes compartments for 14 flavors of coffee that are viewable from the customer side

The cash wrap has removable lighted merchandise bins that draw customer's attention to items for sale

Adjustable shelving fixtures adorn the perimeter of the store and are lit through a maple trim bulkhead

Retail

Customer Satisfaction

"Whatever the project demands, Giffin Interior & Fixture continues to lead the industry in the ability to finish the project on time and under budget.."

- Dave Lettrich, Carpenter Construction
