

Project

The O'Brien Family Center at PNC Firstside Pittsburgh, PA

The O'Brien Family Center presented many opportunities to create original fixtures, including desks, cabinets, and countertops that were accessible and usable by children as well as adults.

Team

Architect: LD Astorino & Co. - Pittsburgh, PA
 General Contractor: Dick Corporation - Pittsburgh, PA

Craftsmanship

The challenge on this project was unique in that the casework had to be child user-friendly and adult supervision functional.

From the fish tank incorporated into the reception desk, to the maple, stainless steel, & corian throughout the space, it will remain a favorite of everyone who visits.

Customer Satisfaction

“Quality craftsmanship, deadlines met, customer satisfaction: the Giffin norm.”

- Leo Sweeney, Oxford Dev.
